

RIVERDALE PARK

Riverdale Farmer's Park CSA Pickup

The Town of Riverdale Park (the Town) continues to conduct a community supported agriculture (CSA) pickup site at the Riverdale Farmer's Market at 4700 Riverdale Road with Eco City Farms. Eco City Farms sells fresh, naturally-grown, pesticide-free produce in the CSA. Riverdale and area residents can join and pickup produce during winter, spring/summer, and fall CSA programs offered by [Eco City Farms](http://www.ecoffshoots.org/csa-registration/) at <http://www.ecoffshoots.org/csa-registration/>. Eco City Farms also has an office in the Town at 6010 Taylor Road that offers a second CSA produce pickup site, which is utilized more often during the cold winter months.

Participation in Eco City's CSA at both the Riverdale Farmer's Market and the Eco City Office in the Town during the last three years has been very active. During Winter 2017, 18 members picked up their CSA produce at both sites. In 2018, during the summer (May 24 to October 25) 18-30 members picked up their produce at the Eco City Office, and in the Winter (November 1 to January 24) 15 CSA members picked up their produce at the Eco City Office. In 2019, from Spring to Summer 42 CSA members picked up their produce at the Riverdale Farmer's Market, and in the Fall (November 19 to November 21) 18 CSA members picked up their produce at the Riverdale Farmer's Market. Finally, in winter 2020 (January 9 to March 12) 14 CSA members picked up their produce at the Eco City Office.
